Study board conclusions of the semester and teaching evaluation report 7th semester ESS

Year: 2016
Semester: ESS7
Coordinator: Simonas Saltenis
Date: March 29th 2017

This document represents the public version of the evaluation of the semester. The document forms together with the semester and teaching evaluation report the basis of any adjustments to the semester’s description, planning, execution and/or evaluation of the next iteration of the semester and are used by the coming semester coordinator and semester planning group.

The document also represents the study board’s response to the students, teachers, coordinators and other interested parties about possible consequences of conditions that the students of the semester have pointed out.

The public conclusions and recommendations of the semester coordinator
In general, the semester ran rather smoothly without any major problems. Some students feel that there are too many mini-projects on this semester, taking too much time and effort.

Conclusion of the study board
The study board has at its meeting on the above date decided that the semester coordinator’s comments will be forwarded to the next coordinator prior to planning of the semester.

There is nothing for the study board to take action on.
